Dear Devarajan,

We would like to thank Praapthi for the wonderful sound and lighting arrangements for our daughter Jyotsna's arangetram on 2nd March despite engaging your services closer to the event.

Both you and Ms Vidya Venkat worked very professionally and used your extensive knowledge of the equipment to provide the best technical support for the event. We also received a lot of compliments from the audience for both the lighting and sounds.

Once again, we would like to express our gratitude for all the hard work that had been put in and allowed the event to run smoothly.

Thanks and Regards
Shastry & Shubha
