To Whom It may Concern

Praapthi Events

We are the proud parents of Miss Lekshimi Devi who had on Jan 28, 2018 performed her solo Bharatanatyam Arangetram at the CIVIL Service Club Auditorium under the banner of Gayathri Dance Academy.

The event was a great success in terms of its presentation and accomplishment. This success would not have been possible if it was not for the excellent Event Management Services contributed by Praapthi Team.

We have no regret in engaging the services of Praapthi as our Event Management Consultants.

In fact, we are thankful to the Praapthi Team for their professional ability to organize and execute the Arangetram event without a flaw. Throughout the weeks leading up to the event, Praapthi team consistently provided us with insightful guidance and directions to ensure that the event would be a success.

Praapthi's professionalism and experience in organizing such cultural events was truly evident via the manner in which the lighting, sound, decorations and event management support was rendered during the Arangetram at the event hall. Praapthi team was very collaborative and friendly with all of the artistes and guests and has definitely made the event a memorable one for us.

We have received feedback from our guests and audience that this stage event was organized very well and the flow of the program was conducted with clockwork precision.

Praapthi had done a great job in helping us put up the Arangetram for my daughter Lekshimi Devi. We are truly happy with the engagement of Praapthi as event management team and sincerely thank them for their services provided.

Regards,

K. Rajasegaran
