Hi Deva

Apologies for the delay in sending this. Aarya wanted to do it herself and she was caught up in some overdue school work. Please see below her note:

Dear Deva Uncle, Vidhya Aunty & Akila Aunty,  
Thank you all so much for all your help in organizing and preparing prior to, and on the day of my Manch Pravesh! I couldn't have been happier with the way the day turned out! I was very thankful for the direction and focus the team had in planning and executing the event, the clarity with which you provided guidance to my parents and I, as well as the willingness the team possessed to go out of your way to cater to the vision that we had for my Manch Pravesh. This day couldn't have been as special without the assistance of the entire team, and I will eternally be grateful for all your help and support! Thank you so much, once again!  
Regards,  
Aarya

As we have said before your support was invaluable and was a huge help for us. Thanks a lot once again to all of you.

Regards

Arun
